WE
group

Full service from the event sector

Our special focus is the combination of professionalism and efficiency at the pulse of time.

Due to our many years of experience and our constant growth we already cover events ,festivals and concerts with our offered services.

Our services include:

Artist Care Backstage

- Organization
- Planning
- Implementation

Advancing Artists

Transportation

Tour Management

Planning, organization and implementation

In a fast-moving age where some artists perform on two continents on the same day, the backstage area reflects the private living room. It combines home feeling, artistic tranquility oasis, restaurant and contributes significantly to the performance.

The estimated budget of the organizer speaks another language. Our team is here in a kind of mediator role to do justice to both sides.

WE group acts as a valuable link in the talks and creates a harmonious agreement for both parties.

Planning

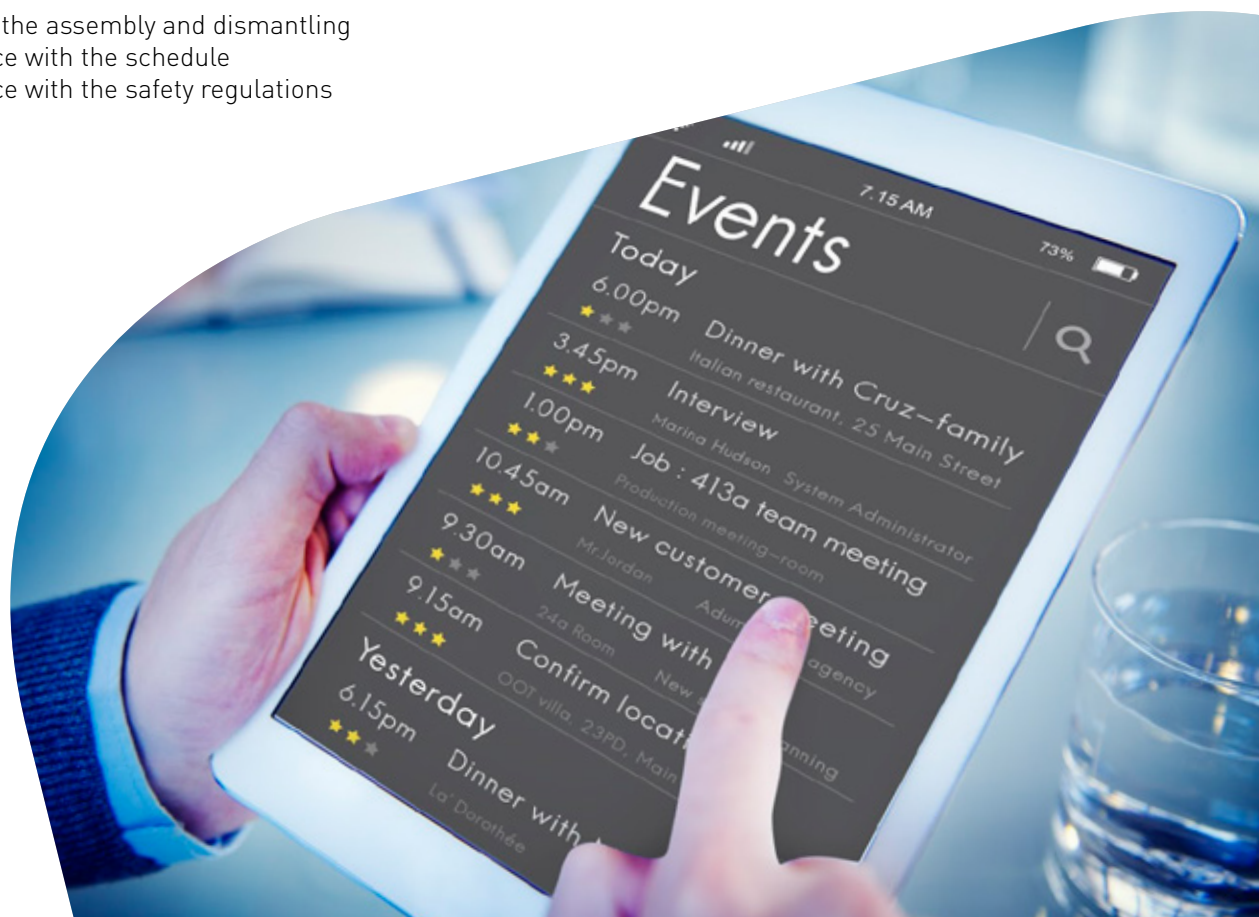

- Idea generation
- Research
- Checking the feasibility of your ideas
- Support in the selection of suitable Artists
- Assistance with the selection of the Request for proposals
- Concept creation / Cost calculation

Organization

- Placing of orders to supplier companies
- Logistical processing of all materials
- Preparation of a logistical schedule
- Personnel allocation- Guest management
- Exact cost breakdown

Execution

- Control of the assembly and dismantling
- Compliance with the schedule
- Compliance with the safety regulations

On Tour.

Our focus is that the artist can concentrate 100% on the upcoming shows. Thus the artist and the concert visitors experience the unforgettable event experience through our tour full service.

WE group and its team can anticipate and solve problems already in the planning phase. Adapt-ing procedures, accordingly, instructing all participants and thus significantly relieving the artist are some of the aspects.

The following services are included in our service:

- Detailed communication with the venues, technicians, organizers, and service providers
- optimal routing for relaxed travel - creation of tour books, passports and daily updates
- detailed planning of the trips (rental cars, nightliner, flights, hotel, transfers), backline reliable accounting, applications (visas, passports, etc.).
- Production of merchandise, logistics of goods and sales, personal accounting
- planning of interviews, meet & greet and all press appointments
- catering according to riders and individual wishes of the artists are a matter of course

We manage.

Nowadays contracts/riders read like a book. They are very extensive and the requirement multi professional. A major role is to find a balance between organizer and artist. Our team is working in a structured way point by point in the contract - ambiguities will be solved with solutions. We are in close contact with artist management and organizers.

WE group brings together the threads of Advancing and keeps the overview even in stressful phases.

Our field of activity extends over:

- checking the feasibility of the projects in the Contract
- clarification of any ambiguities between the parties Organizer and Artist Management
- Logistic creation of an exact time procedure
- Artist support starting with arrival until departure
- Handling and implementation of short-term changes in the sense of the organizer and artist
- Adherence to the time schedule
- Supervision and support of the artists and the organizer
- at press conferences, Interviews, Meet & Greet etc.

DispTec

Scheduling and efficient logistics made easy

Foresighted planning, comprehensive organization and targeted coordination require a high degree of concentration and flexibility in order to ensure smooth operations. Keeping to the budget set by the organizer has the highest priority.

WE group works with a specially developed program that enables organizers to directly connect the artist management and the associated working groups. Calls and emails are not an optional communication basis, changes are handled directly with DispTec and therefore a smooth workflow is guaranteed.

Our range of services includes:

1. Artists / Management Transportation

By permanently assigned vehicles and drivers we guarantee unlimited flexibility and guarantee reliable, secure, discreet and punctual delivery. Transport from arrival to departure.

2. Production / Crew Transportation

Our focus here is on cost-efficient and reliable transport of production and crew teams from the arrival to the departure

3. Runner Transportation

The Runner is available for you on call and takes care of messenger trips, material transports and shopping. He takes over simple, but time-consuming tasks outside the Event location to save the organization team valuable time

4. VIP and guest shuttle

We offer for exclusive guests a pick-up service directly from the private jet, shuttle to and from the event location

In the digital world WE group developed a software program 3 years ago, which has been used successfully for 2 years. For example at various festivals with up to 120 DJ's. This software was designed for one-day events as well as for festivals lasting several days. DispTec offers you different disposition masks. Beside the driver disposition we also offer the management of hotel rooms, set time shedule, meet & greet / interviews and press conferences. DispTec covers the complete Advancing ,Set Up and execution. with all involved persons.

Any changes will be changed directly and in real time in the program so that the organizer, artists/management, stage manager and driver are all informed simultaneously via a push up message and thus a smooth and timely process is guaranteed.

What we offer:

- single modules up to the complete package
 - a. driver logistics (transport and vehicle allocation incl. driver)
 - b. hotel and room management
 - c. meet & greet, press and interview dates
 - d. complete Advancing of the artists
- no unnecessary phone calls or emails (entries and changes in real time adapted.
- Efficient deployment of employees
- Resource-saving sustainability : paperless working
- Creation of individual or complete overviews
